

ASPIRE PUBLIC SCHOOLS FACILITIES UPDATE FACT SHEET

Aspire Berkley Maynard Academy Renovation Project

PROJECT OVERVIEW

Aspire Berkley Maynard Academy (BMA) is planning a modernization project at their campus to improve efficiency and code compliance in the main classroom building on campus plus replacing the portable classrooms on the North East corner of the campus. The Aspire BMA campus has not had a major renovation since 1994 and will greatly benefit from the improvements scheduled.

PROJECT SCOPE

- Main building improvements including ADA code compliance items including, thresholds, hardware, accessible parking, path of travel and restrooms;
- Replacement of the fire alarm system and a few exterior windows that are damaged;
- A fresh coat of asphalt on the play yards and parking area; and
- Demolition and replacement of the current portable units with 2,880 square feet of new portable/modular classrooms to comply with current code requirements.

PROJECT TIMELINE

- Design: October 2021 - February 2022
- Permitting: February 2022 - July 2022
- Prop 51 Bond: Application & Approval with OPSC
July 2022 - December 2022
(including priority funding certification)
- Bond Sale: Spring 2023
- Construction: Summer 2023 - Summer 2024

ESTIMATED COSTS

- Approximately \$9M

FUNDING SOURCE

- Proposition 51 Bonds
